

Structura range is a range for use on exterior architectural metal components. Finishes shown on this card are made with AkzoNobel's Interpon D2525 technology. Interpon D2525 is an Ultra Durable powder coating, which meets the demanding weathering requirements of the leading industry specifications Qualicoat class 2, GSB Master, and AAMA 2604-05, as well as BS EN 12206.

Structura means your design will be long-lasting, keeping its stylish visage for many years to come. When specifying or ordering, ensure you include the full product designation. e.g. - Product : Interpon D2525 Structura, Shade : Ral 6005, Product code : YK305 F

La gamme Structura est une gamme de peintures en poudre destinée au revêtement d'éléments métalliques pour l'architecture d'extérieur. Les finitions présentées sur ce nuancier sont issues de la technologie Ultra-Durable Interpon D2525. D'une excellente résistance aux intempéries, les revêtements Interpon D2525 satisfont parfaitement aux exigences des principales normes européennes pour l'architecture, parmi lesquelles Qualicoat Classe 2, GSB Master, AAMA 2604-05 et BS EN 12206.

La gamme Structura garantit à vos projets une haute durabilité. Lors de la prescription ou la commande d'un produit de la gamme Structura, assurez-vous de bien mentionner la désignation complète du produit. Par exemple - Produit : Interpon D2525 Structura, Teinte : Ral 6005, Code produit : YK305F

STRUCTURA

Toutes les peintures en poudre de ce nuancier ont été étudiées pour apporter la meilleure reproduction d'aspect lors de la mise en œuvre. Toutefois de légères nuances d'aspect peuvent être constatées en fonction des conditions d'application. Consulter notre documentation avant préconisation ou mise en œuvre. Notre support technique est à votre disposition. Ce document n'est pas contractuel.

All of the powder coatings presented in this colour cards have been optimised to give the highest consistency of finish during the application processes. However, slight variations could appear depending on the actual application specifying or applying the powder. Our technical support team is at your disposal. This document is not contractually bidding.
